Understanding ISO 14001:2015 & OHSAS 18001:2007

This two (2) day course is a detailed review and understanding and outlines best practices for environmental and occupational health and safety systems. It will provide participants with a working knowledge and understanding of the ISO 14001 & OHSAS 18001 Standard allowing attendees to participate within an audit or implementation of a EMS/OHSAS Management system. Also, an excellent opportunity for current auditors to upgrade their required competency to the upgraded EMS standard

Integrated ISO 14001:2015 & OHSAS 18001:2007 Management Systems Internal Auditor

This four (4) day course includes Understanding 14001:2015 & OHSAS 18001:2007 above plus detailed training on the auditing activity as outlined within the ISO 19011:2011 guideline for auditing. The participants will gain knowledge on the roles of the auditor and provide a working comprehension of planning, conducting, recording final audit results including writing and communication of nonconformance's of an environmental and/or an occupational health and safety management system. Upon successful completion of this course, participants will have the knowledge, competence and ability to become an effective member of an internal audit team within a company.

Integrated ISO 14001:2015 & OHSAS 18001:2007 Management Systems Lead Auditor

This detailed five (5) day lead auditor course included all aspects of the Integrated ISO 14001:2015 & OHSAS 18001:2007 Management Systems Internal Auditor plus additional knowledge required to manage and lead a management systems audit. The participants will gain additional knowledge on the management of an audit program including the selection of audit teams, evaluating effectiveness of audit teams, planning and scheduling audits, report preparation and issue and corrective action acceptance. Participants upon successful completion of this course, will have the knowledge, competence and ability to lead and manage an internal audit team within a company.

All attendees will receive:

- Course material including slides and manual
- Training purpose only copy of the relevant standards.

Personnel that will benefit from this course:

- Managers/ Supervisors – From all disciplines within the organization
- Environmental Management & OHSAS Management and department personnel
- Individuals wanting to become Internal or Lead auditors
- Internal Auditors with previous auditing experience or those needing upgrading to the updated standards
- Environmental & OHSAS system implementation teams
